WORK EXPERIENCE:

I have been an active PECG member since the start of my Caltrans employment. I hope to gain more experience and better knowledge of PECG's resources in this position.

CANDIDATE STATEMENT:

As a relatively new PECG member and engineer in the professional field, it's become one of my biggest goals to stay informed and involved with my union. With an ever-growing workforce, the need for diversity and inclusivity in perspectives is critical to the sustainability of the union. I believe I can be both a unique and beneficial asset to the Section as a public civil servant and young professional.
